Subject: sequence search request

please search seq id no 24 from 10/627794. please return the first 100 hits in the hit table with alignments.

please provide a score over length search for seq id no 24 with minimum hit length 15 and score/length value of 90%

please search seq id no 24 and its complement in the registry file contained within oligonucleotides of 100 nt or fewer.
Please return all hits plus relevant alignments.

Please complete an author search.

I can take any and all results electronically (score and e-mail are fine)

THANKS.
